

Curriculum Vitae

Susie Ramisetty-Mikler, Ph.D. MPH.

Research Associate Professor
Department of Population Health Sciences
School of Public Health, Georgia State University
Phone: 940-594-0203

EDUCATION

Master of Public Health - May, 2003 U. of North Texas Health Sciences Center, Fort Worth, TX
Track : Epidemiology
Thesis : A Study of Epidemiological Profile of Poisoning Episodes
Among Texans by Utilizing State Hospital Discharge Survey Data.

Doctor of Philosophy - May, 1987 Iowa State University, Ames, Iowa
Major : Child Development
Emphasis : Cognition-Memory and Recall
Dissertation : Effects of List Organizations and Retrieval Cues
on Children's Delayed Recall.

Master of Science - July, 1992 Iowa State University, Ames, Iowa
Major : Counselor Education
Internship : Career/Vocational Guidance Counselor
Creative Component : Adjustment Problems and Needs of International Students.

Master of Home Science - July, 1980 University of Madras, India
Major : Child Development
Thesis : Mortality and Morbidity of Infectious Diseases in Rural Children.

COMPUTER/ STATISTICAL EXPERIENCE

Statistical Packages: Strong analytical skills in SPSS & SAS (working knowledge)
Structural Equation Modeling Package: MPlus
Complex Survey Analysis Packages: SUDAAN, SPSS Complex sample module
Online web based courses: blackboard, Camtasia Studio 5-interactive software with PowerPoint

PROFESSIONAL EXPERIENCE: TEACHING/RESEARCH

COURSES TAUGHT (Past 5 years)

INFO 5960 Health Research Methodology 2015-2018
INFO5081 Research Design and Data Analysis 2015-2018
EPID 6328 Secondary Data Analysis in Epidemiology SPR 2014
EPID 5310 Intermediate Epidemiology SPR 2014
EPID 5314 Applied Data Analysis for Epidemiology Fall 2013
BACH 5314 Social Behavioral Research Methods Fall 2011 - Fall 2012
EPID 6399 Doctoral Ind. Study in Epidemiology Fall 2012
EPID 6391 Applied Epidemiology for Public Health Practice Spring 2012 & Spring 2013
EPID 5395 Thesis Spring 2013 - Summer 2013
EPID 5391 Maternal and Child Health Fall 2012
EPID 5300 Principles of Epidemiology Spring 2010 - Summer 2013, Fall 2013 on-line/In class
BACH 5310 Community Assessment Spring 2012
PHED 6220 Scientific and Grant Writing Spring 2010
EPID 5100 Principles of Epidemiology Spring 2009

Fulbright Teaching and Research Scholar Award Saudi Arabia Sept 2014- July 2015

The purpose of the proposed teaching-research work pertains to women's health literacy and behavior during childbearing ages, with specific interest in gaining understanding of preconception and prenatal health among women between 18 years and 40. The study objectives are to (a) assess the health status of Saudi women during preconception and prenatal stages, (b) investigate their knowledge and awareness of potential risk factors (e.g. nutrition and role of folic acid), and (c) sources of health information impacting health literacy. My teaching component will focus on selected topics in epidemiologic methods followed by research activities in designing and implementing the project.

Research Associate Professor- Aug 2020 - Present
Department of Population Health Sciences, School of Public Health

Research Associate Professor- Aug 2015 – Aug 2020
Center for Computational Epidemiology, College of Engineering, UNT, Denton, TX.
Conduct independent research and collaborate with faculty across disciplines

Adjunct Faculty, Since Jan 2016 – 2018
College of Information Sciences, UNT, Denton, TX.
Courses: Health Research Methodology; Research Design and Data Analysis

Assistant Professor, March 2011– July 2015
Dept. of Epidemiology and Biostatistics, UNT Health Science Center -
School of Public Health, Fort Worth, TX.

- Courses taught: Principles of Epidemiology – in class and online version,
- Community Assessment, Social and Behavioral Research Methods, Applied Epidemiology for DrPh
- Mentor masters and doctoral students.

Program Evaluator - July 2010 – Jan 2011
TX/OK AIDS Education & Training Center, Parkland Health and Health System, Dallas, TX,
• Measure the effectiveness and impact of training and education on clinical practice;
• Developed, designed, and implemented online outcome evaluation of physician’s training projects across the AETC network.
• Completed 5-year project evaluation report to HRSA

Research Associate Professor, January 2009 – July 2010
Dept. of Epidemiology, UNT Health Science Center - School of Public Health, Fort Worth, TX.
• Co-Investigator for NIAAA funded projects, developed NIH grant proposals (Ethnicity, alcohol and intimate partner violence; Hispanic Alcohol Consumption)
• Publish in peer reviewed health and alcohol journals
• Serve on school committees (faculty search; faculty council)
• Spring 2009 teaching: EPID Principles of Epidemiology – in class and online version

Assistant Professor – Research Track/Teaching, Jan, 2008 – Dec 2008
Division of Epidemiology & Disease Control, UT School of Public Health, Regional Campus, Dallas.
• Co-Investigator for NIAAA funded projects, developed NIH grant proposals (Ethnicity, alcohol and intimate partner violence; Hispanic Alcohol Consumption)
• Develop survey instruments; manage data and conduct analyses for with national surveys
• Publish in peer reviewed health and alcohol journals
• Serve on school committees (faculty search; faculty council)
• Member of teaching team: SPR 2008: PHW2610 Introduction to Epidemiology – online course
• Fall 2008 Co-instructor: PH 2998 Special Topics in Epidemiology
Injury and Violence: A Public Health Approach

Faculty Associate - Research, Dec 2000 – Dec 2007
UT School of Public Health - Dallas Regional Campus, Dallas, TX.
• Co-Investigator for NIAAA funded projects, developed NIH grant proposals (Ethnicity, alcohol and intimate partner violence; Youth Risk Behavior Survey – State of Hawaii)
• Drafted survey instruments, managed data and conducted analyses with national surveys
• Published in peer reviewed journal articles

Research Assistant, Practicum/internship (Dr. Cody Arnold) - Neonatal Intensive Care Unit, Harris Methodist Hospital, Fort Worth, October 2000- May 2001.
• Evaluated NICU follow-up program at the Child Study Center
• Assisted Dr. Arnold in assessing child growth outcomes
• Extracted data, computed variables, conducted analysis, and prepared technical report

Research Assistant, Diabetes Project (Dr. Rojas) - School of Public Health, University of North Texas Health Science Center, Fort Worth, TX. March-May 2001.
• Literature search, data management and analysis (Type-II diabetes in school children)

Susie Ramisetty-Mikler

Research – Program evaluator (Part-time), Center for Parent Education,
University of North Texas, Denton, TX. March 1998 – Oct 2000.

- Developed survey instruments, analyzed data for HIPPY- Texas Home Instruction Program
- Collaborated with center staff in grant writing
- Project manager for the evaluation of statewide parent education programs
- (TEXAS HIPPY Program, Family Frameworks by Texas Association of School Boards,
- First Impressions by KERA Channel-13)

Research Associate/ Adjunct Faculty, Velma E. Schmidt Programs in Early Childhood Education,
Department of Education, University of North Texas, Denton, TX. August 1997 - Feb 1998.

- Studied the area of brain development during early Childhood
- Developed and implemented Early Childhood curriculum based on brain research
- Developed research proposals for funding
- Assisted doctoral and masters students in completing theses and dissertations

Research Associate, Center for Family Research in Rural Mental Health,
Iowa State University, Ames, Iowa - June 1993 - August 1997.

- Performed literature search on risk and protective factors in drug and alcohol abuse in school age children
- Designed parent and teacher survey questionnaires to identify risk factors for drug and alcohol abuse
- Analyzed data and prepared technical reports for state government agencies

Assistant Professor, Dept. of Human Development & Family Science,
N.D.S.U., Fargo, ND - September 1990-June 1993

- Courses taught: Theories of Child Development, Prenatal development, Lifespan development,
- Adolescent development, Middle childhood, Children and Families Across Cultures.

Research Assistant, Iowa Youth & Family Project, College of
Family & Consumer Sciences, Counseling Services, I.S.U., Ames, Iowa - August 1989-90.

Senior Research Fellow – USA-United Nations Development Program,
Human Development & Family Studies, Agricultural University, India - October 1987-May 1988.

STUDENT COMMITTEES

Masters Thesis:

1. Thesis Chair- Fall 2013. Jared Komatz MPH Epidemiology Title: Parental intent to vaccinate against Influenza, UNTHSC.

Thesis Committee Member

2. Spring, 2006: Godavari Patil, MPH (Biostatistics) - Title: Health Compromising Behaviors among Urban, Suburban, and Rural U.S. Adolescents: A Comparative Study. UNT Health Science Center at Fort Worth, TX.
3. Fall 2007: Lori Rodriguez MPH (Epidemiology) - Title: Prevalence of Asthma Among Texas Children: Exposure to Secondhand Smoking by Parents at Home. UNT Health Science Center at Fort Worth, TX.
4. Summer 2011: Libbey Kutch Medical Geography: An Investigation of the relationship between HIV and Prison Facilities in Texas: The Geographic Variation and Vulnerable Neighborhood Characteristics.
5. Summer 2011: Susan Rice Medical Geography: Spatio-Temporal Variation of Nitrate Levels in Groundwater and Incidence and Mortality Rates of Cancers Along the Digestive Tract in the Southern High Plains Aquifer.
6. Fall 2012: Haruna Miyakado MS Medical Geography: Birth Defects: Spatiotemporal association with food deserts in Texas. UNT.
7. Spring 2018: Brince Jones MS Geography: A Data Driven Approach To Improving Police Beat Zone Placement In Denton, Texas.

Dissertation Committee Member

8. Spring 2006: Khiya Marshall, Dr.Ph (Social and Behavioral) Title: Body image, depressed mood, weight concerns, and risk sexual behaviors among female adolescents.
9. Fall 2008-Summer 2009: Courtney Corley, Ph.D. - Computer Science, UNT, Denton, TX. Title: computational life sciences - emphasizing formal descriptions and constructs of social networks and disease propagation/intervention on those networks.
10. Spring 2009/Fall 2011: Tina Johnson, Ph.D. - Computer Science, UNT, Denton, TX.

Susie Ramisetty-Mikler

11. Spring 2012: Fitts, Terrenia M., Healthcare Access and Quality among African-Americans. Doctor of Public Health (Behavioral and Community Health), UNTHSC.
12. Fall 2013: Monitoring Dengue Outbreaks Using Online Data. Jedsada Chartree, Ph.D. Computer Science, UNT, Denton, TX.
13. Spring 2014: Tracy Wendling Title: A 10-Year Follow-Up Study of Oklahoma City Bombing Survivors. PhD Epidemiology
14. Spring, 2014: Sam Dick-Onuoha Title: Deconstructing the Mechanisms of Racial/ethnic Differences in Infant Birth-Weight Refocusing on Socioeconomic Disparity PhD Epidemiology
15. Spring 2015: Yiheng Liang Title: A computational approach of discovering and analyzing causal relationships in epidemiological data Ph.D. Computer Science, UNT, Denton, TX.
16. SPR, 2016: Angel Bravo-Salgado, Modeling and Simulation of Infectious and Vector-Borne Diseases Transmission in k-Homogenous and k-Heterogeneous populations using High Performance Computing Infrastructure, Ph.D. - Computer Science, UNT, Denton, TX.
17. Fall 2019: Sultana Alshammari, Modeling of Epidemics in Mass Gatherings. Ph.D. Computer Science, UNT, Denton,

Practicum/Independent Study Supervisor:

1. Practicum Site Supervisor - SPR, 2009: Lacey Kovar MPH (Epidemiology) Title – Measuring the outcomes of Asthma Prevention Program, Children’s Medical Center Dallas. UNT Health Sci. Ctr. at Fort Worth, TX.
2. Independent study - Fall, 2005: Anita Kurian, Dr.Ph. (Biostatistics) Title - Gender based differences in heavy and binge alcohol use in Texas: Findings from the 2003 Behavioral Risk Factor Surveillance Survey. UNT Health Sci. Fort Worth, TX.
3. Practicum Site Supervisor - Spring, 2006: Godavari Patil, MPH (Biostatistics) UNT Health Sci. Ctr. at Fort Worth, TX.
4. Practicum Site Supervisor - Fall, 2006: Lori Rodriguez MPH (Epidemiology) Title - The role of physical abuse and alcohol on male and female depression among couples in the U.S. UNT Health Sci. Ctr. at Fort Worth, TX.
5. Practicum Supervisor - Fall, 2008: Hardik Yadav, (MPH) Title - Measurement of Coronary Flow Reserve in Women using 3.0 Tesla Magnetic Resonance Imaging. UT School of Public Health, Dallas Campus & UT Southwestern Med. Center, TX.

Student Advisor: Master of Public Health (MPH) UT School of PH, Dallas Campus & UT Southwestern Med. Center, TX.

- Primary Advisor for Hardik Yadav and Aparna Biridar; Secondary advisor for Grace Snuggs - 2008

UNTHSC School of Public Health, Fort Worth

- Daniel Good, Danielle Sass, Erika Wood, Lakpa Sherpa, Scott Mize: MPH students 2009
- Shane Fernando, Doctoral student 2009-2010
- Major advisor for 9 MPH students MPH students Fall 2012 and 20 MPH students in Spring 2013

GRANT AND ABSTRACTS REVIEWER

- Reviewer for University of North Texas Health Sciences Center at Fort Worth Excellence in Partnerships for Community Outreach and Research on Disparities in Health and Training (EXPORT) STAR (Steps Toward Academic Research) Fellowship Program Spring 2007
- Reviewer for University of North Texas Health Sciences Center at Fort Worth Excellence in Partnerships for Community Outreach and Research on Disparities in Health and Training (EXPORT) STAR (Steps Toward Academic Research) Fellowship Program Spring 2008
- National Institute of Health. Stage 1 Reviewer of the NIH Challenge Grants. June 2009
- Medical Research Council, United Kingdom - Grant Peer Reviewer 2014
- The 143rd APHA Annual Meeting and Exposition, abstract reviewer, (October 31 - November 4) and specifically for the Academic Public Health Caucus program. 2015
- The International Society for Disease Surveillance 2018 Annual Conference, abstract reviewer Feb 2018
- Reviewer for the Fulbright Junior Faculty Development Program and Visiting Scholar Program for Middle East Nov 2018
- Reviewer for the Fulbright Junior Faculty Development Program and Visiting Scholar Program for Middle East Nov 2019

ADHOC JOURNAL REVIEWER

- Addiction
- Alcoholism: Clinical and Experimental Research
- Annals of Epidemiology
- Asia-Pacific Journal of Public Health
- Health Journal of Adolescent Health
- Health Policy
- Indian Journal of Community Medicine
- Journal of Public and Epidemiology
- Journal of Health Care for the Poor and Underserved
- Journal of Interpersonal Violence
- Journal of Pediatrics
- Journal of School Health
- Journal of Studies on Alcohol
- Social Science and Medicine
- The Counseling Psychologist

UNIVERSITY/COMMUNITY SERVICE

- Volunteer Homeless Coalition, Homeless Outreach Center United Way, Denton, TX 2018-
- Volunteer Monsignor King Outreach Center, Denton, TX 2018-
- Trained Volunteer Denton Citizen Police Academy- graduate/member & VP for Communications 2013-
- Trained Volunteer - Denton County Medical Reserve Corps, 2012 – current
- Faculty Affiliated Member - Computational Epidemiology Research Laboratory (CERL), UNT, Denton. 2009-2014
- Faculty Council, Peer Review Committee, UT School of Public Health, Dallas Campus, Dallas, 2008.
- Search Committee for Assistant Professor, Epidemiology, UT School of Public Health, Dallas Campus, Dallas Fall, 2007.
- Vice President, School of Public Health Alumni Society, UNT Health Science Center, FW, 2004 - 06.
- Taskforce member, University Committee on Women, Iowa State University, 1996.
- ND State Representative, NAFSA: Association of International Educators, 1991-92.
- Institute for the Study of Cultural Diversity, Steering committee member, NDSU, 1992-93.
- Special Student Recruitment Committee, Member, NDSU, 1991-92.
- Curriculum Development Committee-semester conversion, NDSU, 1991-92.
- International Support Services, Task force Member, NDSU, 1991-93.

HONORS/ AWARDS

- Fulbright teaching-research scholar award – Saudi Arabia 2014-2015
- Outstanding Student Award-Epidemiology, Master of Public Health, UNT Health Sci. Center, 2003.
- Preferred Professor Award, Mortar Board, North Dakota State University, 1993.
- Home Economics Research Gift fund, I.S.U., 1986.
- Altrusa International Foundation Scholarship, Iowa chapter, 1985.
- India Student Association Annual Award, I.S.U., 1983.
- Home Economics Honor Society, Omicron Nu, I.S.U., 1983.

CURRENT FUNDING

Justice for Sexual Assault Survivors (Collaborative grant with the city of Denton Police Department)
UNT PI: **S. Ramisetty-Mikler** Bureau US Dept. of Justice, of Justice Assistance, Oct 1, 2019-Sept 30, 2022.
(Total amount \$499,890; (UNT \$40,840)

The Sexual Assault Kit Initiative would meet the urgent need of testing the backlogged kits and aid in the improvement of the department's overall response to sexual assaults. If awarded, the funds will be used to implement a comprehensive, multidisciplinary plan to inventory, test, and track untested sexual assault kits from investigation to final adjudication.

COMPLETED RESEARCH

Minimizing Access Disparities in Bio Emergency Response Planning - Renewal (PI: Mikler, A. R. UNT)
(Co-PI: **S. Ramisetty-Mikler**) 50% effort NIH – National Library of Medicine (R56) October 2017-2019 (\$250,000)

The study will extend existing methods for designing POD-based bio-emergency response plans through the development of methods to identify and quantify clusters of transportation vulnerable populations that are at-risk of not being reached. Further, the study will yield an expanded set of vulnerability indicators, thereby facilitating the targeted allocation of mitigation resources.

Awareness of Zika virus, its consequences, and knowledge of prevention among Pregnant Latina (PI: Ramisetty-Mikler)
University of North Texas internal seed research grant 09/01/2016-08/31/2017 (\$10,000).

This study addresses health disparity (birth defects like microcephaly) that could be due to lack of access to crucial information on Zika among language vulnerable populations. The specific aims of the study are to: (1) investigate the level of knowledge and awareness concerning Zika virus and its impact on pregnant women; and information sources.

Susie Ramisetty-Mikler

Minimizing Access Disparities in Bio Emergency Response Planning PI: Mikler, A. R. UNT)

(Co-PI: S. Ramisetty-Mikler) NIH - Research Grants in Biomedical Informatics (R01) October 2013-2015 (\$800,000).

The study will yield computational methods to modify existing bio-emergency response plans with specific placement of Point of Dispensing (POD) and corresponding resource allocation to facilitate the inclusion of populations with diverse needs, thereby minimizing access disparities. (Role: Co-PI)

Couple Violence and Parenting Young Children: The Ecology of Diverse Low-Income Families

(Co-PI: S. Ramisetty-Mikler) (UNT Co-PI: Angela Nievar; UNTHSC (\$29,000)

Low-income families tend to live in neighborhoods that suffer from poverty and crime resulting in stress. These factors have been linked to couple violence in the literature. In this study, we propose to test the relation between maternal harsh parenting, couple violence, parenting self-efficacy and depression.

Cross ethnic trends in drinking, alcohol use disorders and service utilization (PI: Ramisetty-Mikler., S.) - Subcontract

20% effort (Grant PI: Caetano, R.) NIH/NIAAA (R01 - 3 years) (\$847,125) 07/01/08 – 06/30/2011

To analyze data points in 1992 and 2002 to assess abstention levels, overall and beverage-specific drinking patterns;

To examine the prevalence of DSM-IV alcohol abuse and dependence and to establish the drinking and sociodemographic correlates of these two diagnoses among Whites, Blacks and Hispanics in the U.S; To describe alcohol abuse and dependence profiles in 1992 and 2002; To describe alcohol service utilization in 1992 and 2002 among Whites, Blacks and Hispanics, and following Aday and Adersen's model as modified by work in the alcohol and drug field.

Alcohol Epidemiology in Hispanic National Groups (subcontract PI: Ramisetty-Mikler., S.)

NIAAA/NIH 10% (\$4,874,602) (Grant PI: Caetano, R.) 9/29/03 - 8/31/09

The major goal of this national survey of Hispanic national groups is to investigate differences in drinking, alcohol-related problems, alcohol abuse and dependence, attitudes towards drinking and drunkenness, and drinking and driving among four national groups of Hispanics: Mexican Americans, Cuban Americans, Puerto Ricans and Central/South Americans.

Computational Models to Evaluate Demographically Biased HIV/AIDS Interventions (PI: Mikler, A. R.)

01/05/2007-4/31/2008 UNT Health Science Center at Fort Worth, TX. (\$25,000) Role: Consultant

The proposed research addresses health disparities in the domain of infectious diseases in general and HIV/AIDS in particular, through the development of computational models and tools that facilitate the predictive analysis of disease manifestation in a given population. (Role: Co-I)

Collaborative Alcohol Research Development and Planning: UT School of Public Health and U. Hawaii

(PI: Caetano, R.) 9/29/03 - 8/31/06 NIAAA/NIH \$249,198 Role: Senior Research Associate/Project manager

To conduct collaborative alcohol epidemiology research development through pilot projects and feasibility studies including (1) alcohol use, stress, and pregnancy complications in an ethnically diverse sample; (2) patterns of alcohol consumption and alcohol related problems among Filipino, Japanese, Hawaiian, and Caucasian adults in Hawaii; and (3) psycho-sociocultural risk and protective factors for alcohol use among youth in Hawaii's community and criminal justice system. (Role: Co-I)

Alcohol Epidemiology among Border and Non-Border Mexican Americans (PI: Caetano, R.)

Role: Co-I 35% effort (4.2 Calendar)

NIH/NIAAA (R01- 4 years) \$ 1,703,040 10/01/08 – 09/30/2012

This study is an in-depth household epidemiological survey of drinking patterns and alcohol-related problems among Mexican Americans living on the Border. The richness and scope of the study will be augmented by comparing the Border sample with a sample of 1500 Mexican Americans living outside the Border area, and interviewed in 2006 in Houston and Los Angeles as part of another study which is already funded by the NIH/NIAAA. The proposed survey compares alcohol use behaviors and predictors among Border Mexican Americans and non-Border Mexican Americans.

Ethnicity, Alcohol and Spousal Violence (PI: Caetano, R.)

04/01/04 -3/31/09

NIAAA/NIH \$1,531,741 Role: Co-I

To conduct longitudinal analysis on data from the follow up national survey of 1665 African-American, Hispanic, and White couples to advance our understanding of the longitudinal interrelationships of intimate partner violence with alcohol consumption patterns, ethnicity, socioeconomic status, and other associated factors.
